Event Overview

What is this: The Urban Financial Services Coalition as part of its vision to ensure full and equitable participation for people of color at all levels in the financial services industry will launch 100 Days 100 Jobs in March 2011. The goal of the campaign is to match at least 100 job seekers to positions posted in the Career Center on our national Web Site. The campaign will provide a unique opportunity for organizations who are seeking qualified minority financial services professionals to secure talent.

How Does it Work: UFSC members and non-members can post copies of their resumes to the UFSC career portal, receive job alerts by joining UFSC social networking sites (Face Book and LinkedIn), and participate in interactive and informative "Who's Hiring Now" tele-seminars with recruiters and executive search firms.

Organizations can purchase packages to post job openings on the national UFSC Web Site, host tele-seminars, and have customized communications sent to targeted prospects in the UFSC database and Social Media Networks.

How Can My Chapter Help: We are asking each chapter to send a minimum of 100 contacts (full name and e-mail address) to their regional representative by February 28. We are also asking each chapter to secure at least one \$2500 package. Ala Carte packages are available. (See package info for details.)

An FAQ has been created to field your questions about participation. Please refer to the FAQ for questions you may have about the UFSC Career Center, sponsor participation options, and incentives and benefits for your chapter.

Event Timeline
